

THE PALACE

When you have a home as palatial as The Palace, your home offers up some pretty exciting features. It's not every day you find a wine cellar in the heart of the home, alongside the open-plan living and dining that includes the must-have kitchen featuring an extra large scullery. Over in the master suite you'll find not one, but two, walk-in robes well-placed between your king bed and your private ensuite. Want more? How about a double garage with extra space for your gym, workshop or family bikes. It's all here in The Palace!
